# MARILYN HARPER

About Marilyn Harper: She's been called the "Midwestern Spiritual Sparkplug..." and the Bette Midler of the Spiritual movement. Marilyn is a renowned public speaker, facilitator, and channel of Adironda and the Council of Light.

She is repeatedly invited back as a featured speaker at conferences, retreats, and workshops because of her warm, authentic, and off-beat stories of personal transformation, which are delivered in a hilarious, heartfelt, and inspiring manner.

Marilyn is internationally recognized as a world-class channel and the creator of both "The Channelers Academy" and "Holographic Healing," a six-level certification course in alternative healing.

She's part spiritual firecracker, part curriculum architect, and all heart. Marilyn weaves ancient wisdom with future vision, channeling star-powered insight into soul-fueled experiences. Whether she's guiding Lightworkers, unlocking healing frequencies, or decoding divine numerology, she's doing it with flair, fun, and a wink from the Council of Light.

She is the "divine link" for Adironda, a spokes being from the 17th Dimension who helps you learn to "be the love that you are."

She says, "Our purpose is to remind you what it feels like to be embraced in unconditional love and gently assist in healing the heart for the betterment of humanity."
